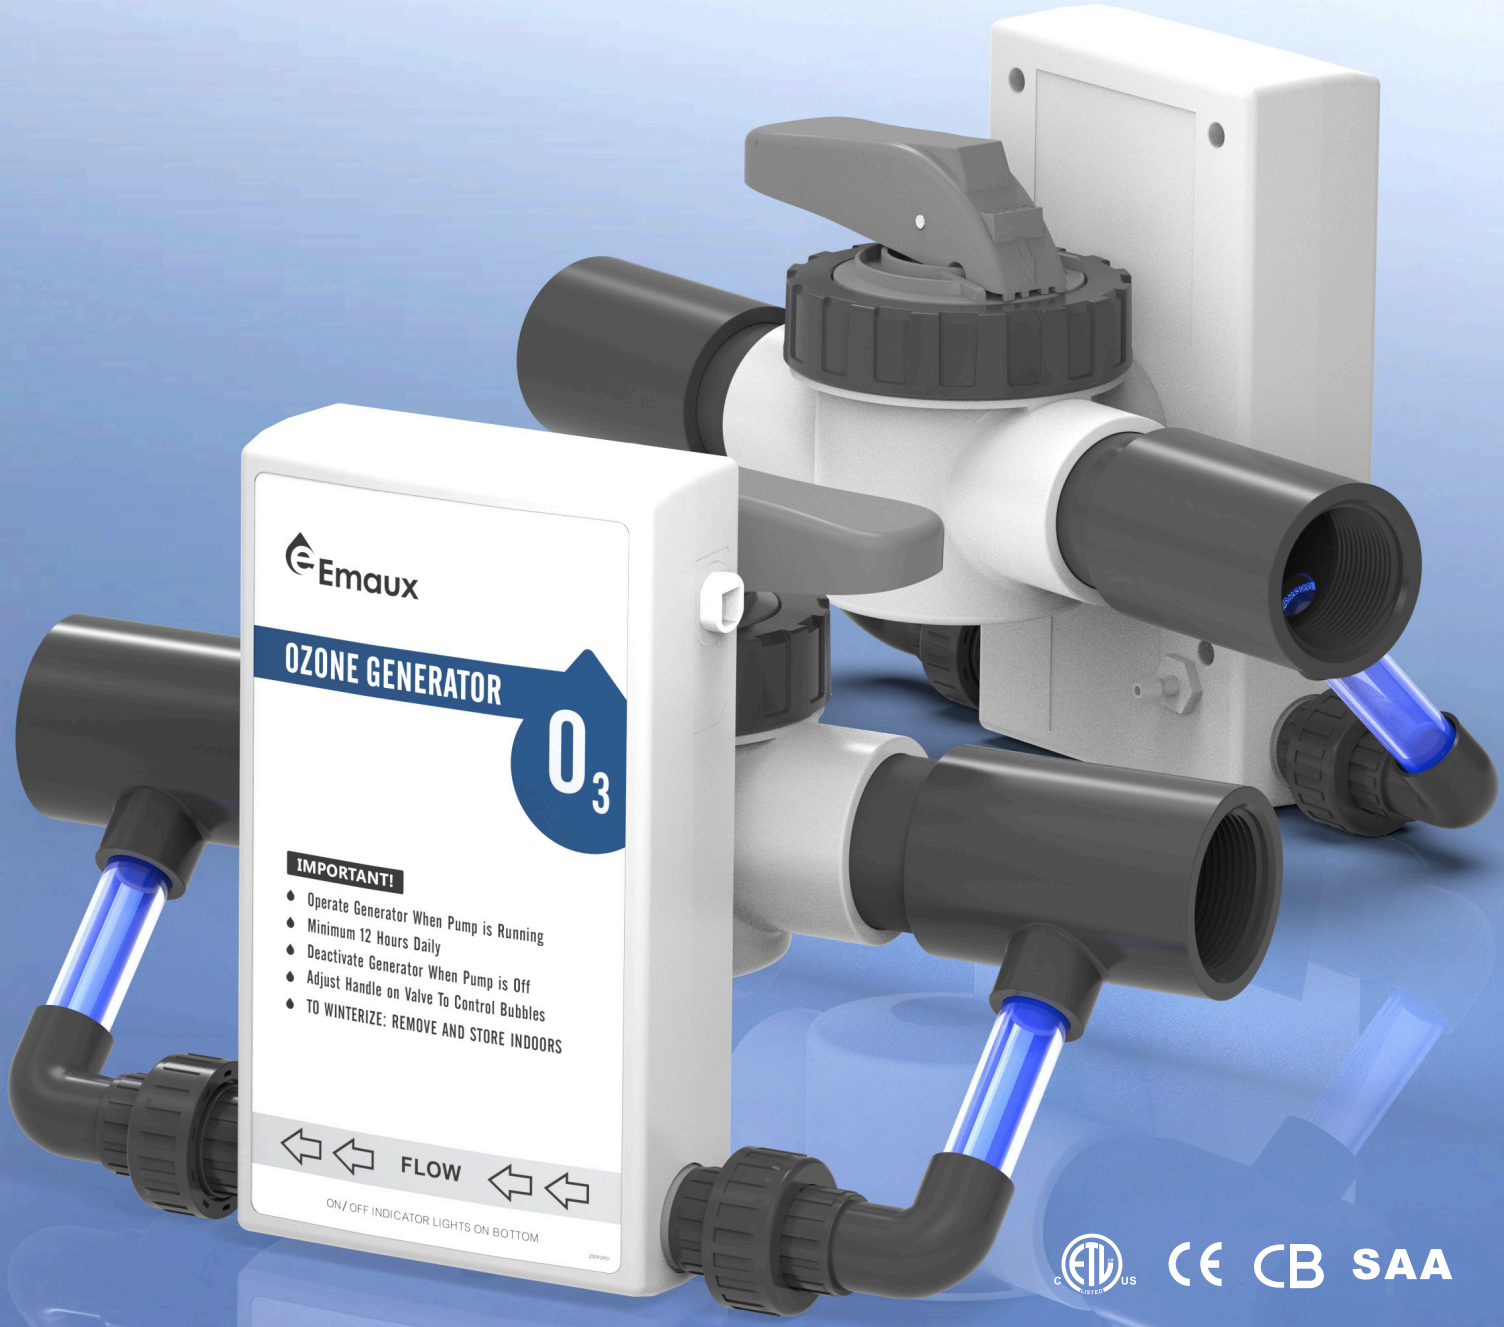
Emaux

PURE WATER PURE REFRESHMENT

OZ600 OZONE GENERATOR

For water features & pools

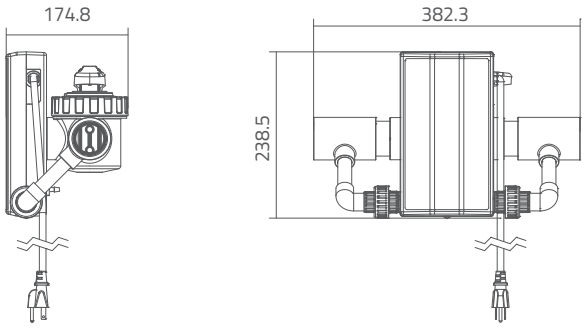


ETL CE CB SAA

ENGINEERED FOR EXCELLENCE IN DISINFECTION!

Designed for residential pools ranging from 60 to 100 m³, the Emaux OZ600 Ozone Generator offers a seamless, tool-free installation at the discharge end of your filtration system. By leveraging the Venturi effect, the system draws air into the generator tube, where a high-voltage discharge converts oxygen into Ozone (O_3). This ozone is then integrated directly into your pool's circulation. This innovative process provides powerful, automatic disinfection, ensuring superior water quality and a pristine, oxygen-enriched swimming experience that feels truly revitalized.

Product Dimensions and Technical Information



PRODUCT FEATURE

1. Simple to install and easy to operate.
2. Powerful sterilization capacity leaving no residual or harmful byproducts after disinfection.
3. Reduced consumption of chemical disinfectants.

NOTE: Maximum operating pressure 50 psi

Code	Model	Ozone Output (mg/h)	Ozone Concentration (mg/l)	Air Flow Rate (l/m)	Pool Volume (m³)	Power supply (V/Hz)	Power supply (w)
9130701	OZ600	600	1.55	6.5	60-100	110-240V 50Hz/60Hz	12
