

Basket Strainer

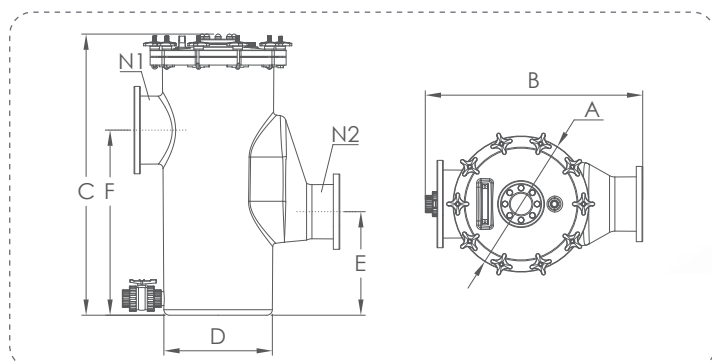

A ROBUST AND DURABLE PRE-FILTER

For swimming pools, aquatic parks, aquarium & zoos and water treatment

STOPS LARGE SOLIDS

Commercial basket strainer is designed to be installed with the Emaux SWP Series FRP Pump for the best performance of the water circulation system. The basket strainers are suitable for both saltwater and freshwater systems.

Function

The strainer comes with a heavy-duty PP basket that acts as a pre-filter for the protection of the pumps, meters, and valves. It is typically installed prior to the pump to catch large, solid impurities.
